

6% Silicone Greaseless Lubricant

#40-114

- Lubricates anything that sticks or squeaks: drawer slides, steel work-table tops, type make-up tables, wheels, rollers, skids, office furniture, file cabinets, door hinges, etc...
- Colourless and stainless
- Lubricates any surface on which material must slide: chutes, table tops where paper is handled, slides, skids, plates
- Use as convenient wire pulling lubricant in finished areas
- Harmless to rubber, neoprene and PVC
- Extension tube lets you spray where needed with pinpoint accuracy

16oz/454g aerosol can

Electrical Finish Grey

#40-028

- Standard ASA61 Medium Grey specifically made for touch-up of electrical panels, switchgear, etc...
- A durable 30 minute gloss enamel for touch-up or painting of electrical or other equipment where an ASA61 grey colour match is needed
- Excellent for both interior and exterior applications

16oz/454g aerosol can
